Phase 3: Scheduling the Pickup

Determine if the office needs a driver to come to their location.

Step 1: Choose Pickup Option

- No Pickup Needed: Select "I'll drop off my shipment..."
- Pickup Needed: Select "View my pickup options" and then check "Schedule a UPS On-Call Pickup."

Step 2: Set Time and Service

1. Service Level: Select UPS 2nd Day Air by default.
2. Time Window: Click "EDIT" under Pickup Details to modify the time window based on the office's requirements.
    - *Note:* Schedule by 12:00 PM for next-day service. Pickups scheduled after 3:00 PM will be set for the next business day.

Step 3: Finalize and Print

1. Select "Pay and Get Label(s)."
2. Print the label as a PDF in portrait orientation and save it to your computer.

Phase 4: Emailing the Label

Send the generated label to the office:

1. Recipient: Enter the office email address and CC necessary parties.
2. Subject: UPS Label for Pickup - SKDLA
3. Attachment: Attach the saved UPS Label PDF.
4. Body: Use the template provided:
   "Good morning, I have scheduled a UPS pickup on [Date] between [Start Time] and [End Time]. Please package the case(s) in a box and place the attached label on the package."

Phase 5: Pickup ONLY (No Label Required)

If the office already has a label and only needs a driver:

1. Go to the UPS Home Page.
2. Select Shipping > Schedule a Pickup.
3. Fill in the office location and select UPS 2nd Day as the service type.
4. Set the Preferred Pickup Location to "Office" and enter the requested time.
